The home revolutionaries

The Mosaic Collection by Varmora is a modern take on the classic and beloved mosaic surfaces. Packed with all 21st-century features and qualities, these mosaic surfaces come in hexagon, square and rectangle patterns. The collection is widely available in the following sizes - 300x600 mm, 600x600 mm, 600x1200 mm, 800x800 mm.

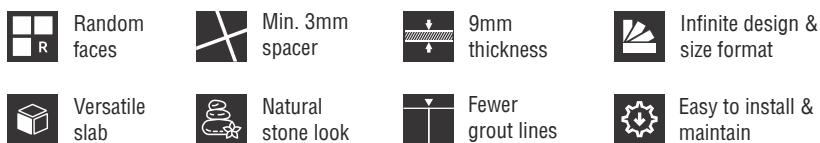

Techno

Technical characteristics of our tiles

Varmora's tiles are manufactured using innovative technology to ensure they triumph against every challenge. The following features are a testament to Varmora's promise to deliver high quality and durable products.

For superior strength, they come in 9 mm thickness. As far as versatility goes, our tiles are available in infinite designs and ideal for varied applications. In addition, the easy to install & maintain characteristics make them efficient.

The Mosaic collection is available in two classic finishes.

POLISHED

The classic but classy, the cherished polished finish by Varmora has a highly reflective surface, which displays the vibrancy of the colors as well as the design. The texture is very smooth and is not very porous.

MATT

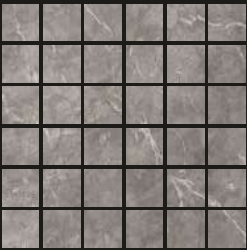

Matt Finish by Varmora creates a symphony of exquisite stony appearance with a grainy surface finish. It gives a distinct charm to ambiances with its surface that replicates the refined look of stone surfaces & its elegant grainy texture.

Check out the Anfisa series, which comes with 4 amazing natural stone designs. This series holds all the necessary characteristics to beautify your space forever.
